

COVID-19 POLICY

If you have tested positive for COVID-19 or have symptoms, regardless of vaccination status, National Aviation Academy's policy for students is to follow the current CDC isolation guidance, which can be found here:

[COVID-19 Quarantine and Isolation | CDC](#)

Day 0 is your first day of symptoms or a positive viral test.

Day 1 is the first full day after your symptoms developed or your test specimen was collected.

If you tested positive for COVID-19 and had symptoms, you may return to school after a full 5 days if you are fever-free for 24 hours (without the use of fever-reducing medication) and your symptoms are improving.

If you tested positive for COVID-19 but did not have symptoms, you may return to school at least 5 days after your positive test.

If you got very sick from COVID-19 or have a weakened immune system, you should consult your doctor before returning to school.

When you return to school, the CDC recommends that you wear a properly fitting mask until day 10.
